

KINESIOLOGY (BS) - HEALTH & PHYSICAL EDUCATION NON-CERTIFICATION CONCENTRATION

Program Overview

The B.S. Kinesiology non certification track prepares community based physical activity professionals to work in various sport, coaching, and movement settings with all age populations. Students are actively engaged in a variety of learning experiences in classrooms, labs, and public schools and have the opportunity to develop their knowledge and skills in a wide variety of physical activities while learning to teach others. Areas of emphasis in this program consist of instructional skills, pedagogical strategies, sport coaching, methods of evaluation in physical activity settings, and field-based experiences.
