

MIDDLE GRADES EDUCATION (EDS)

Program Overview

Teachers holding a clear renewable T-5 teaching certificate with at least two years of teaching experience may apply for admission to the Specialist in Education (Ed.S.) program. Education Specialist candidates develop content and pedagogical expertise as well as seek to influence educational decisions outside their own classrooms. They become increasingly accomplished teachers who display leadership. The program admits students for Summer and Fall terms only.

All educator preparation programs are approved by the Georgia Professional Standards Commission.

Career Opportunities

Successful completion of the Ed.S. allows the candidate to apply to upgrade teacher certification to the T-6 level.
