# MATHEMATICS (BS) -APPLIED MATHEMATICS CONCENTRATION

### **Program Overview**

The Applied Math Concentration prepares the student for a career in industry. The student in Applied Math may select from two preparation tracks - actuarial science and statistics.

### **Career Opportunities**

Actuary, banking analyst, financial analyst, quantitative analyst, teacher (with the completion of additional preparation for certification), trade assistant

Credit

## **Program of Study**

| Select two of the | following:                                     | 6               |
| STAT 5117U        | Applied Multivariate Analysis                  |                 |
| STAT 5118U        | Applied Nonparametric Methods                  |                 |

The hours applied in the Institutional Priorities; Mathematics & Quantitative Skills; and Technology, Mathematics, and Sciences areas must add to 18 credit hours.

<sup>&</sup>lt;sup>2</sup> ITDS 1145 Comparative Arts, though listed under both Fine Arts and Humanities, may be taken only once.

Hours in Area G and Area H must total 60 semester hours, with a total of 39 semester hours at the 3000 level or higher

<sup>1</sup> If not taken in Area E, course must be added in another semester.

The student needs to work with his/her advisor to choose appropriate elective courses to make sure that he/she meets the total hours 123 required for the program.

## **Admission Requirements**

There are no program specific admission requirements.

## **Additional Program Requirements**

There are no program specific academic regulations.
